SUMMARY

Founder's Office | Program Manager | AI Solutions Architect | Agentic Workflows & Multi-Agent Systems

AI-native operator and ex-founder specializing in multi-agent workflows, voice agents, and ERP automation instrumented against real P&L impact. Shipped GenAI systems across construction, real estate, and healthcare while driving 0 to 1 initiatives with complete ownership in high-ambiguity environments.

Career Highlights:

- Engineered 24/7 AI voice response systems that slashed speed-to-lead to under 10 seconds, driving a 3.5x boost in visit conversions.
- Reduced client payment collection windows from 18 days to 4 days (77% faster) via automated site reporting and payment tracking.
- Built AI content generation engines cutting media production timelines from 3 days to under 15 minutes and saving over \$2,000 per property.
- Led a 7-person team as Acting Manager at Amazon, achieving 165% target productivity and a 99% quality accuracy rating.
- Reduced routine client inquiry calls by 90% through automated project tracking and status distribution systems.

SELECTED EXPERIENCE

Scalify With Ai

June 2025 – July 2026

Founder & AI Operations Specialist

- Engineered automated site reporting and payment tracking systems for construction and engineering firms using n8n and workflow tools, compressing payment collection cycles by 77% (18 days to 4 days) and eliminating 30% of unbilled revenue leakage.
- Designed and deployed AI-driven media generation pipelines (Google Veo, GenAI models) for hospitality and real estate clients, cutting asset creation turnaround from 3 days to under 15 minutes and saving \$2,000+ per property.
- Architected automated 5-point AI inbound lead qualification frameworks, eliminating non-qualified inquiries and tripling sales team productivity by focusing reps entirely on high-intent closing calls.
- Built and deployed 24/7 AI conversational and voice agents (Retell AI) cutting speed-to-lead response times from hours to under 10 seconds, achieving a 3.5x higher lead-to-visit conversion rate with zero after-hours drop-off.
- Implemented commercial property resource and energy monitoring automations, driving a 20% annual reduction in electricity overhead and slashing guest onboarding times by 80%.
- Built centralized attribution dashboards consolidating data across 5+ fragmented lead acquisition channels to deliver 100% visibility into marketing ROI.
- Automated client communication and project milestones, reducing repetitive inbound support and inquiry calls by 90% (from ~20 to <2 calls per week).

Amazon Global Operations

Senior Risk Investigation Specialist (Acting Manager)

Sept 2021 – Oct 2024

- Managed complex fraud and abuse risk investigations across high-exposure marketplace accounts, safeguarding platform integrity and compliance.
- Identified systemic risk patterns and built escalation controls that reduced team defect rates by 15%.
- Stepped in as Acting Manager to direct daily operations for a 7-person specialist team, driving throughput to 165% of target capacity while maintaining a 98% quality accuracy benchmark.
- Mentored and onboarded 30+ risk investigators on investigation frameworks, quality protocols, and root-cause analysis.

EDUCATION

Bachelor of Commerce (BCom) – St. Joseph's College of Commerce
CA-Intermediate – Institute of Chartered Accountants of India (ICAI)

2015 – 2018
2018 – 2020

KEY SKILLS & TOOLS

AI & Automation Tools: n8n, Retell AI, ChatGPT, Claude, Gemini, Gemini Notebook, Google Veo, Nano Banana, Apify.

Operations & Project Management: Asana, Jira, Monday.com, Miro, Process Engineering, SOP Development, Bottleneck Elimination, Root Cause Analysis.

Revenue Ops & Lead Systems: Speed-to-Lead Architecture, Lead Attribution, Conversational AI Agents, Inbound Qualification Funnels, CRM/Pipeline Automation.

Data & Risk Analysis: Fraud Investigation, Defect Reduction, Executive Dashboards, Attribution Modeling, Operational Leakage Auditing.

Leadership & Stakeholder Management: Team Mentorship, Cross-Functional Alignment, Client Management, Acting Team Management.
